

Agatec PL5 5-Beam Plumb, Level and Squaring Laser.

The Agatec PL5 5-Beam Laser produces 5 crisp and clear laser reference points each at 90° to each other, making it the perfect choice for any plumb, level, or squaring application.

The self leveling system and magnetically dampened compensator provides a quick and easy set up each and every time.

- **Compensator lock protects instrument during transport and storage**
- **Swivel Top Universal Mount provides for use on standard tripod, over the track, on the wall or directly on the floor**
- **Automatic shut off after 1-hour**
- **Out of level warning alerts user to changes in instrument position**
- **Accurate to +/- 1/8" or 1mm**

Ideal for indoor application, such as partitions, aligning and point transfer

SPECIFICATIONS	Item No. 1-16729
Range	Up to 100 ft. (30 m)
Accuracy	±1/8" at 50 ft. (±1 mm at 5 m)
Self-leveling range	± 4.5°
Plumb	Front, left, right, floor to ceiling
Power	3 x AA batteries
Battery life	18 hrs.
IP class	IP54
Weight w/o batteries, mount	0.74 lbs. (335 g)
Size	4"x 4.6"x 2.3" (102 x 117 x 60 mm)
Warranty	1 Year Over-the-Counter Warranty

Agatec PL3 3-Beam Laser Level: Plumb up, Plumb down and 90° reference beam

The Agatec PL3 has three 90° beams for simultaneous plumb and level reference points. The unit is self-leveling, with an out-of-level blinking beam alert to prevent costly errors.

The plumb beam is ideal for floor to-ceiling point transfer, as for carpentry, framing, and electrical installation.

- **Easy to operate, one button tool**
- **High visibility beams, bright and clear even at long distances**
- **Automatic shut-off after 1 hour**
- **With universal mount for a wide variety of laser uses**
- **Compensator lock protects laser during transport and storage**

Ideal for floor to ceiling point transfer, layout and leveling
